Established in Germany in 1949, Fehn is a family-owned brand known for its thoughtful toys that blend ethical manufacturing with contemporary design and functionality to nurture babies' development. The FehnNATUR range extends this commitment with a focus on sustainable materials. Exclusively distributed by Pilbeam Living across Australia and New Zealand.

Zookabee is a collection of wooden educational toys, featuring jungle and safari animals and muted colours. These toys are inspired by classic games and puzzles; assisting children with numeracy, literacy, motor skills and problem solving.

Studio Circus is a collection of wooden educational toys, featuring fun circus characters and pastel colours. The toys are inspired by classic games and puzzles to assist little ones with numeracy, literacy, motor skills and problem solving.
